

Model 3

Trap Setter

#450 BG, #455 BG, #600 BG

#11 Long Spring - #2 Long Spring

This **Lightweight, No Rust** Trap Setter only weighs 10 oz. The Model #3 Trap Setter was designed for the Junior Trapper and those Adults with Hand Problems. For **SAFETY** reasons Please follow these **Directions**:

The "U" Clip, used in setting the #11 and #2 Long Spring **MUST** have pinched in legs. If these legs are bent other than shown do not use.

Either re-bend or buy another.

Install with the open end toward you and fully on the spring. Should the clip fly off it will travel away from rather than toward you.

Use on the #450 - #600 Body Grip as shown.
